

SOLACE CANCER CARE

Mission:

To provide a compassionate and empowering space where adolescents and young adults (AYAs) affected by cancer receive holistic care addressing their unique psychosocial, and emotional needs.

We aim to support them through every stage of their cancer journey with tailored resources, peer connection, and professional guidance.

Vision

To be a nurturing haven where young people battling cancer feel understood, connected, and hopeful. Through holistic care and community support, we strive to enrich their lives, helping them embrace resilience and a sense of normalcy despite the challenges of cancer.

We serve
13 to 24
years old.
