Celebrating Hari Raya with our members

**Fostering Connection**

An opportunity to nurture bonds that may have been distanced due to illness. The event addresses the emotional impact many members face when relatives reduce visits due to their condition.

**Empowering Self-Expression**

Members dress up and temporarily set aside the burdens of their illness and physical limitations, fostering a sense of normalcy and joy.

**Enhancing Self-Worth**

A platform to ensure our members feel important and valued within our community.

**The Significance of Gold in Our Lucky Draw**

Our decision to award gold to lucky draw winners is rooted in several meaningful considerations:

**1**

**Fostering Lasting Memories**

Gold serves as an enduring memento, creating a cherished memory of the event and the support received.

**2**

**Providing Tangible Security**

In times of need, gold offers a practical asset that can provide financial relief.

**3**

**Symbolizing Worth**

Gold's universal value symbolizes our members' intrinsic worth and resilience, reinforcing that their value remains constant, regardless of any challenges they may face.
